## School Profile

## Openings

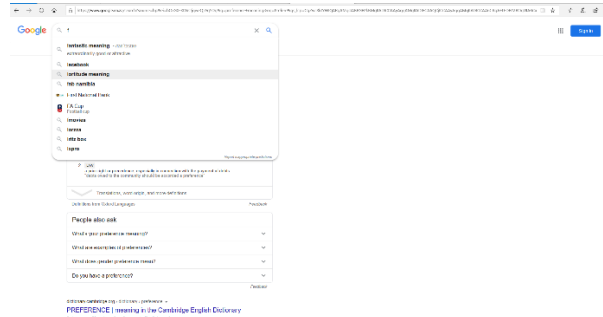

Add new opening:

- Add “general” to field of study for general openings
- Add “other” to level of study
- Give option to select multiple grades and levels of study
- Add an option to upload pdf at terms of conditions of opening
- Created opening does not activate. It goes to inactive openings. How is an opening activated

### Student profile

- Suggestive search result when typing school name

e.g

- Correlate school profile and home page tabs and links
- Region and town to be dropdowns and be updated by admin
- Edit Town to “City/Town” and Region to “Region/province/District”
- When applying through opening search link grade to be auto filled at apply now like school name.

## Other Challenges

- Auto correction for English texts entered by users.
- add help link on website
- picture for parents account
- Add back button on all pages
